CURRENT			
■ **Organisation** - talked about how the graphical data should look on the final paper; - talked about gender specific data, on how we could include this parameter into our research paper; -the Youtube team talked about gender specific data, ex. It turned out that women tend to be less negative/hateful; **Agreement:** we should take age into account;			☑
■ **Doubts** - Bernardo brought up some doubts that he found; - The whole team disscused this points; - Read ideas about the introduction written by Diana; - suggestions, brain storming; - made assumptions in order to add them to the "Discussion" chapter of the paper and Bernardo wrote them on the spot; - brought up into discussion if one of us has complaints regarding the meetings;
